

Representative Naming Policy

1. Introduction

Hockey Albury Wodonga will follow these guidelines as to which players shall be named on the HAW web site as those representing our Association.

These guidelines should be considered for all participants involved in hockey, including players, officials, umpires, coaches and managers. These persons will be referred to collectively as members for the remainder of this documentation

Disclaimer: Local representation is advised to the Operations Manager via the Representative Director. Other members will be put on the website when the Operations manager is made aware of their success. It is not up to the Operations manager to chase these details.

2. Definition of a Representative member

Members must be registered with Hockey Australia and will be defined as:

- Any member who is registered with a club within our Association as their main club
- Any member who is registered with a club outside our Association but who has participated locally in the calendar year in which they are representing. It can have been in a weekend competition, as a member of a team representing HAW (eg an ex local member who plays Vets with the HAW team going to Country Championships), as part of a local special event such as Hockey 8's or as someone who is giving back to the local HAW community (eg running a coaching clinic).
- Any players who are in the senior team for their State (AHL) who have played for HAW.
- Anyone who represents Australia who has at any time played in our Association.

Any dispute regarding if a member qualifies for a mention is referred to the Representative Director and their conclusion is final.

3. Where members are noted

A member's name is noted in the following categories in the year they make a representative team.

Facebook post

- Zone & School Representatives
- State squad member
- Any indoor representative member

Web site
